

# WEBSITE PLANNING DOCUMENT

## The Weather Site: Camperather

Author: M.J Ryu

### Site Purpose

---

- To investigate humidity, temperature(highest and lowest), possibility of raining

### Target Audience

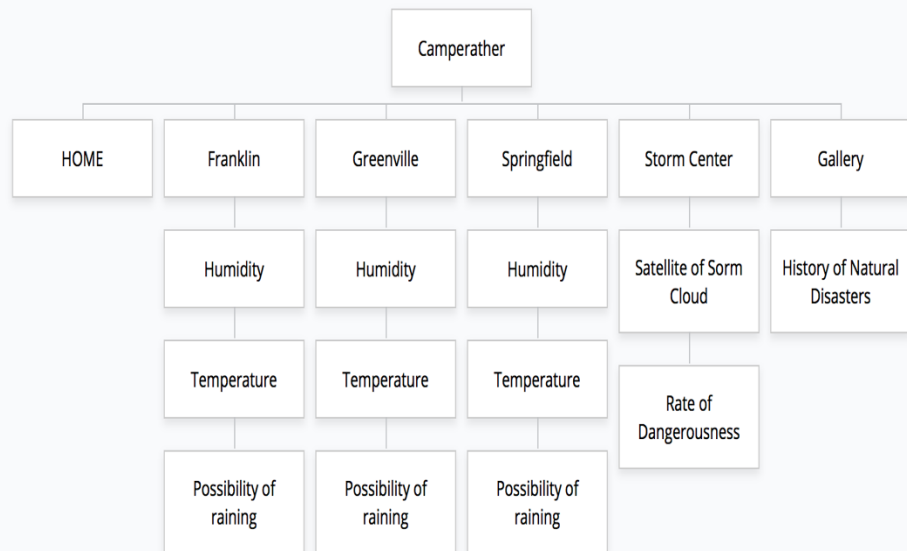

---

- Campers( or people who works outside)

# Site Map

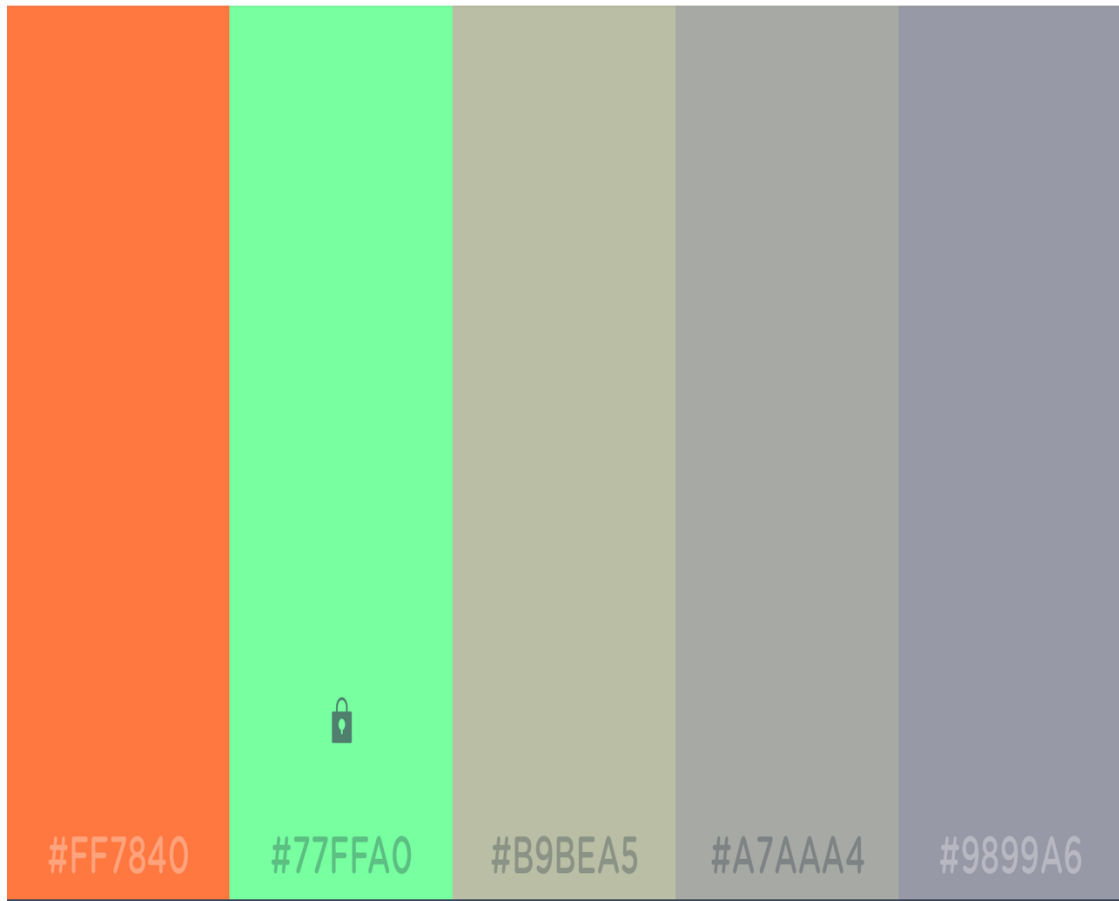

---

<https://www.gloomaps.com/t3qsxVtdwX>

## Color Scheme

---

# Typography

---

## *Aa : Matura M7 Script capitals*

I want to use this Font for my title and main manu words because that font provides more classic and country feelings .

## **Aa: Silom**

I want to use this font to explain detail information because people will want to know weather information quickly and easily, so I thought that font gives really catchy image with certain impact that leaves afterimage in head in order to remember the weather.
